

I LIKE IKE

“ When people speak to you about a preventive war, you tell them to go and fight it. After my experience, I have come to hate war.

May we never confuse honest dissent with disloyal subversion.

In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist.

The problem in defense is how far you can go without destroying from within what you are trying to defend from without.

There is no glory in battle worth the blood it costs.

We will bankrupt ourselves in the vain search for absolute security.

I hate war as only a soldier who has lived it can, only as one who has seen its brutality, its futility, its stupidity.

DWIGHT D. EISENHOWER, SUPREME COMMANDER OF ALLIED FORCES IN WWII, TWO-TERM REPUBLICAN PRESIDENT

Every gun that is made, every warship launched, every rocket fired, signifies in the final sense a theft from those who hunger and are not fed, those who are cold and are not clothed.”

For more about Eisenhower and the military-industrial complex, see the new DVD "Why We Fight."
